SUMMARY

Fresh Graduate with a Bachelor's Degree in Information Systems from Universitas Nasional, with an interest in *Data Analytics*, *Business Intelligence*, *Artificial Intelligence*, and *Data Science*. Experienced as an *AI & Data Science Intern* in data processing, analysis, visualization, and interpretation to support data-driven decision-making. Proficient in Microsoft Excel, SQL, Python, Power BI, Tableau, and Google Looker Studio. Possesses strong analytical thinking, adaptability, communication, and the ability to work independently or collaboratively in a dynamic environment.

EDUCATION

Bachelor of Information Systems – Universitas Nasional, South Jakarta	2022–2026
--	------------------

GPA: 3.90 / 4.00 (Cum Laude)

INTERNSHIP EXPERIENCE

<i>AI & Data Science Intern – PT Menara Indonesia (Kampus Gratis)</i>	<i>February 2025 – July 2025</i>
---	----------------------------------

- Developed *Data Science* learning materials and practical exercises using Python, Pandas, NumPy, and Scikit-learn, covering data cleaning, feature engineering, EDA, classification, clustering, and model evaluation.
- Developed machine learning materials and case studies covering pipelines, API integration, model evaluation, VIF, ablation studies, and feature importance.
- Developed materials on data visualization and model deployment using Power BI and Streamlit, as well as Data Mining materials aligned with the curriculum and learning outcomes.
- Contributed to the development of AI Agent Bootcamp materials, including tools & environment and AI algorithms, and revised materials based on mentor evaluations.

ORGANIZATIONAL EXPERIENCE

UNAS FEST 2024 – Universitas Nasional
--

Bazaar Division

January 2024 – November 2024

- Managed and recorded pre-order, sales, and sponsor product inventory data in a structured and accurate manner.
- Prepared inventory reports to support product availability evaluation and procurement planning.
- Matched pre-order data with product quantities and transaction information as part of bazaar operations management.
- Assisted in preparing partnership proposals and MoU addendums and coordinated with sponsors regarding product quantity adjustments.
- Collaborated with team members to develop promotional strategies to increase product exposure and sales.
- Initiated an Instagram Store as a promotional channel for sponsor products and created promotional content using Canva to support sales.

SKILLS, ACHIEVEMENTS & OTHER EXPERIENCE

- **Hard Skills**

- **Data Analytics & Data Science:** Microsoft Excel, Google Sheets, SQL (MySQL), Python (Pandas, NumPy, Scikit-learn), Data Cleaning, Data Analysis, Data Visualization, Machine Learning (Basic)
- **Business Intelligence & Visualization:** Power BI, Tableau, Google Looker Studio.
- **Productivity & Automation:** Microsoft Office, Microsoft PowerPoint, Google Workspace, Google Apps Script
- **Programming & Development:** HTML, CSS, PHP & JavaScript (Basic), Git & GitHub (Basic), Visual Studio Code, Antigravity IDE
- **Design & Supporting Tools:** QGIS, Canva, Figma, Adobe Photoshop, Adobe Illustrator (Basic)

- **Soft Skills**

Analytical Thinking, Problem Solving, Communication, Team Collaboration, Adaptability, Attention to Detail, Initiative, Continuous Learning

- **Certifications**

1. Google Cloud Skill Boost – Google Cloud Computing Foundations (2024)
2. Information Technology Specialist (ITS) – Data Analytics, Certiport (International Certification, 2025)
3. MBKM – Kampus Merdeka AI & Data Science Internship at PT Menara Indonesia (February–July 2025)
4. TOEFL Certification (2025)
5. BNSP Certification – Data Analyst (2026)

- **Training**

1. Data Visualization Training – Kementerian Agama RI
2. Digital Literacy Training – Universitas Nasional
3. Basic Data Science Training – Digital Talent Scholarship Kominfo.
